DETAILED ACTION

Election/Restrictions

1. This application contains claims directed to the following patentably distinct species of the claimed invention:

Independent claim 1 (Group I) consisting of dependent claims 2-9, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 40, 42, and 44,

Independent claim 10 (Group II) consisting of dependent claims 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, 33, 41, 43, and 45,

Independent claim 46 (Group III) consisting of dependent claims 50, 52, 54, 58, and 62,

Independent claim 47 (Group IV) consisting of dependent claims 51, 53, 55, 59, and 63,

Independent claim 48 (Group V) consisting of dependent claims 56, 60, and 64,

Independent claim 49 (Group VI) consisting of dependent claims 57, 61, and 65,

Independent claim 66 (Group VII) consisting of dependent claims 68, 70, 72, 74, and 76,

Independent claim 67 (Group VIII) consisting of dependent claims 69, 71, 73, 75, and 77.

2. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, Group VI is generic.
3. Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Art Unit: 2812

4. Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
5. Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.
6. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
